**Subj:** LETTER OF APPRECIATION

1. The Naval Air Technical Data and Engineering Service Command (NATEC) takes great pleasure in expressing appreciation for your outstanding support to NATEC from 1 June 2003 to 31 May 2004 while assigned to the Document Automation & Production Service (DAPS) San Diego.
2. Your personal dedication, knowledge and support of this effort has enabled NATEC to process thousands of monthly fleet Print-On-Demand (POD) requisitions and eliminate more than two thousand fleet backorder requirements. In addition, you maintained close personal contact with NATEC personnel and rapidly responded to changing fleet requirements.
3. Your professional conduct, technical expertise, and team spirit provided the essential elements required for accomplishment of this command's primary mission of "providing cost-effective technical data to the Naval Aviation community." Your contributions will have a lasting impact on all current and future readiness of fleet aviation assets and will help to reduce the workload burden on fleet personnel. As such, you can take great pride in your contributions to our national defense and to the effectiveness of the men and women serving in our armed forces.
4. Congratulations and thank you for a "Job Well Done," Bravo Zulu!
